Launched in December 2009, Xyngular came out of the gate with a bang. However it really started to pick up steam on Jan 18, 2010 when Xyngular announced its strategic integration with Cal Nutrasciences (CNI) and its amazing CORE4 Weight Loss System. CNI launched in February 2009 in Southern California and did more than 10 million in sales in its first 11 months in business. Xyngular is destined for a bright global future as Marc Walker, Xyngular's President is no stranger to international expansion. He was the leadership force behind the successful launch of Nuskin and Xango globally, which has produced 100s of millions of dollars in international revenues for both companies.

With all of the ingredients to become the next billion dollar global giant Xyngular is already attracting major networking leaders from around the world. And it's not surprising. As the company expands globally, monthly sales volumes are expected to reach staggering numbers. This will fuel the 12 separate bonus pools where 1% revenue pools will be paid out to those that build Xyngular. Xyngular's exciting Revenue Pools will cater to the part-time networker all the way to the full-time, seasoned professional.
